

FEATHERED FRIENDS

PAPER ORNAMENTS

Copyright Lauren Faulkenberry, 2020. For personal use only. Not for resale or commercial distribution. For best results, print on cardstock and cut just inside the dotted lines. Use a hole punch to punch a hole in the top and then thread yarn through the hole to make a loop. Enjoy!

String a bunch of birdies together to make a garland to hang on the mantle or dress up windows and walls. Mix in a string of lights to make it extra festive!
